**REPORT ON INTERNSHIP TRAINING PROGRAM**

**Date: 7/10/2024**

The Department of Commerce in Computer Application conducted Internship Viva-voce on 7<sup>th</sup> October 2024 for III B. Com (CA) pursuing VI semester. The External Examiner for the Viva-voce Dr. A. Jenifer Jothi Mary Assistant Professor of Commerce, St. Joseph College (Autonomous), Tiruchirappalli. Viva-Voce started at 11.00 a.m. The internship program provided students with valuable practical knowledge and skills in various fields of Empower Artificial Intelligence by exploring the depths of ML and DL, UI/UX Designs and Full Stack development. Each student gained hands-on experience in their area of interest, helping them understand the real-world applications of their studies. This experience will be beneficial as they pursue their future careers. Questions related to the above topics were raised by the external and internal examiner. Finally based on their performance, marks were allotted to them.
