And

Al Noor Training Centre for People of Determination, Al Barsha, Dubai,  
United Arab Emirates

## A. Parties:

The Post Graduate & Research Department of Rehabilitation Science, Holy Cross College, has envisaged the noble mission of education and training effective manpower to help Persons with Special Needs in society. The department offers Diploma, Undergraduate, Postgraduate, Doctor of Philosophy (Ph. D) and need based courses to build a cadre of professionals to work with all categories of persons with disabilities. It is also a Study Centre for B. Ed special education (Intellectual Disability) offered by Tamil Nadu Open University, Chennai through Open & Distance Learning mode in collaboration with Rehabilitation Council of India, New Delhi. Ever since its inception, the department has strengthened its knowledge, training and research by networking with many local, national and international agencies using mutual expertise and resources in various forms.

Al Noor Training Centre for People of Determination is a leading Centre working in field of education and rehabilitation for persons with disabilities. The Centre provides professional services to the Persons with Disabilities community of Dubai since 1981. The Centre provides educational and rehabilitation services to students with Intellectual disability, Down's syndrome, Cerebral Palsy and Autism. A Trans-disciplinary approach is used to implement training programs at ISO-certified standards through a range of services including Academics, Physiotherapy, Occupational Therapy, Speech and Language Therapy, Psychological Services, Applied Behavior Analysis Services, Vocational Training, Assistive Technology, Vision Rehabilitation and other services for the holistic development of the students.

## B. Preamble:

The Postgraduate and Research Department of Rehabilitation Science, Holy Cross College, and Al Noor Training Centre for People of Determination, enter into this agreement of co-operation to establish and collaborate in areas of mutual interest and benefit with reference to strengthening and promoting co-operation in the areas of education and rehabilitation of persons with

# Memorandum of Understanding

disabilities. Based on principles of equity and reciprocity this agreement will serve as a general framework for co-operation between our two institutions.

## C. Objectives and forms of co-operation:

1. To leverage the expertise of professionals from both institutions to enhance and equip students and research scholars with emerging perspectives in the field of disability.
2. To promote and facilitate joint research in the field of disability and rehabilitation.
3. To design and conduct need-based courses and programs through joint participation from both institutions.
4. To collaborate on educational, vocational training, and placement services for children and adults with disabilities.
5. To organize institutional visits, internships, and in-service training programs to enrich the knowledge and skills of students and research scholars.
6. To facilitate speaker opportunities for both institutions, enabling participation in academic conferences, seminars, workshops, and discussions hosted by either institution.

## D. Commencement, Renewal, Termination and Amendment:

1. This MOU will come into force upon affixing of the signatures of the representatives of the partner institutions and will remain in effect for five years. It may be renewed upon its expiry, with the agreement of both partners.
2. If either partner wishes to terminate the MOU at the end of the five years period, it must notify the other not less than six months prior to the expiry of the MOU.
3. This agreement or its renewal and the actions taken under it may be reviewed at any time. Modifications may be made by mutual agreement and any amendment or extension to the agreement may be formalized by the exchange of letters between the two parties.

## E. Contact persons: The following representative are designated to be the contact persons for this project

Organization	Name	Email	Phone
