Report Description:

The PG Department of Data Science and B.Voc. Software Development conducted Association meeting on 12.09.2023. The session was started with a prayer followed with the welcome address by Miss Y. Sowmiya Roseline of III B.V.oc software development. Then the session was handed over to Dr V.A. Jane ,Assistant Professor from St. Joseph's college. "ALL IN ONE SOLUTION" was the topic took by sir , in that topic he covered about the current technologies. He explained about Cloud Computing, Bigdata, Internet of things. In IOT he explained about Actuators and Sensors, through an image with beam light he told us how to find which is actuators and sensors. He made the session enthusiastic by showing many videos and examples. In CLOUD COMPUTING he taught us where and when the cloud computing is used. Cloud Computing was used by many companies like google, yahoo, YouTube and other platforms. We gained more information's from cloud computing, about delivery models,deployment models,types of cloud,cloud enabling technologies and webservices used by cloud. Then the session was ended with vote of thanks read by Miss Haritha. S student of II M.Sc. Data science.
